How To Use:
Remove makeup with a mild soap or cleanser. Apply CompleteLash® nightly just before bedtime, as you would liquid eyeliner, with a single stroke at the base of the upper and lower lash lines. Do not re-dip. The amount of fluid on the brush is enough for the upper and lower lashes on both eyes. Do not apply too close to the edge of the eyelid. Avoid getting excess fluid into the eye.

If CompleteLash® does get into the eye, rinse immediately with sufficient water. Repeat if necessary. Always apply CompleteLash® as directed and with the utmost care. If irritation occurs, discontinue use.

Q: How long does a bottle of CompleteLash® last?
A: If used once a day, it will last up to 4 months.

Q: How long will it be until I see a difference with CompleteLash®?
A: Clients tend to see improvement within 4 to 6 weeks. Other clients may take up to 6 to 12 weeks, with all clients to date reporting positive improvements.

Q: Is CompleteLash® safe to use?
A: Yes. As with any cosmetic product, some people may be allergic to one or more ingredients. If you experience any allergic reactions, discontinue use.

Q: Can I use CompleteLash® with contact lenses?
A: Only if you remove your contact lenses before bed. Otherwise, consult your physician.

Q: Does CompleteLash® also work on my eyebrows?
A: Yes, clients have reported positive improvements on both eyelashes and eyebrows.

Q: Will I see faster results if I use CompleteLash® twice a day?
A: Use as directed.

Q: Can I use CompleteLash® on my brows?
A: Yes. Clients report positive improvements by applying one swipe, daily, to the sparse area of the brow.
